Unitil marks all lines **owned by Unitil** in ROW and Private Property.

Unitil will mark residential services **to the meter only.**

Most secondary services to a commercial/industrial building are privately owned and therefore Unitil does **not** mark these services.

Most primary (higher voltage) lines are owned and marked by Unitil however a few very large customers (schools, colleges, hospitals) own their own primary systems which Unitil does **not** mark.

If there is privately owned underground in the area of the premarked locations, Unitil will call or email the excavator to provide an "alert notice".
